

## Motion in One Dimension – Data Files

---

There are three data files for this experiment. They are provided for use in Section 4.2 of the assignment. The data files correspond to the similarly named videos that you used for Section 4.1.

You only need to choose one data file to analyze.

- MotionDetectorData\_Trial1\_09172020.cml
- MotionDetectorData\_Trial2\_09172020.cml
- MotionDetectorData\_Trial3\_09172020.cml

These files may be opened using Logger Pro.
